

We are so proud of the superb achievements our students attained during the **Third Trimester** of the **2022 / 2023 school year**. Though all our students worked hard for their success, we must recognize those students who went the “extra mile” in effort, scholarship, and midot! To that end, we proudly post the names of the **Third Trimester** candidates for the **Bnei Binah Honor Society**, which recognizes students who have demonstrated **outstanding scholarship, superior effort, and excellent midot** in **both departments!!!** Similarly, we proudly post the names of the **Second Trimester** candidates for the **Keter Shem Tov Honor Society**, which recognizes students who displayed **outstanding effort** and **exceptional midot** in **both departments!**

Additionally, students in the **Third Trimester**, who excelled in the manner described above in at least one department, Limudei Kodesh or General Studies, have been noted for **Departmental Honors**.

To achieve **membership** for the school year 2022- 2023, in any of the honor programs, **Bnei Binah, Keter Shem Tov, or Departmental Honors**, a student must be named as a candidate in **two** of the **three trimesters, including the last trimester**.

Congratulations!  
We are proud of all our students!
