Points to Ponder

What does a graduation mean to you? What are some of the accomplishments you are celebrating?

Thank you!

Thank you for entrusting us with your precious children, for your support, and your partnership all year long. We would like to thank each family member that took so much of their time and energy to come and join us on such a special day! These memories will stay with the children forever bez"H!

Message Center

We are so proud of all of our students. They have grown, each in their own special way. They sang and joined beautifully throughout the graduation and celebration. May you all see much nachat from your children always!

Happy birthday to Yudi from UPKS and Moshe N from UPKN! May they each be a source of joy and nachat to their families and to all of K'lal Yisrael.
