

Taking Charge of Technology: A Practical Approach for YDH Parents

Featuring world-renowned scholar and psychologist

Dr. David Pelcovitz

Dr. Pelcovitz will discuss strategies for parenting in the digital age, and offer practical advice for families on safely and effectively navigating digital technology, followed by a Q&A session

The Technology Awareness Group (TAG) will present some of the solutions available to help parents keep their children safe on the Internet

Thursday November 14

7:30 pm

Hoffman Auditorium

Attendance is mandatory

At least one parent from each student's household must attend

The yeshiva is eager to collaborate with parents on technology management initiatives. Your attendance and input will help determine YDH's next steps in this arena!
